

FROM FARM TO PLATE

MesKay & Femtee Trading Company (Pvt) Ltd.

MesKay Femtee Trading Company (Pvt) (MFTC), established in 2006, started off its journey as a rice trading business with the aim to provide rice and other essential food commodities to consumers at reasonable rates. Considering the growing demands of rice and other grains, the company later adapted to become fully integrated business to ensure optimum quality and excellent service delivery across all stages of production and distribution.

Besides attaining supply chain excellence, MFTC has also placed great emphasis on sustainable rice production in Pakistan. With our concentrated supply chain efforts extending from extension services through processing and trade of rice, we have contributed to building a resilient food system in the country.

OUR MOTTO

Believing in the motto of making quality rice and grains accessible to everyone, we have always endeavored to create and provide our customers the best products. Our foundation lays on the pillars of our core values.

WHY US?

We are amongst the leading exporters of rice and other grains in Pakistan with a reputation to deliver quality par excellence. With demonstrated experience and our distinguished service delivery capabilities, we have achieved exemplary success over the years. This is particularly attributed to our:

- Vertically integrated operations
- High quality standards
- Strict quality control at each step of production
- Customized offerings to meet specific needs of our customers
- Competitive pricing

QUALITY ASSURANCE

Our products are strictly checked for high-standard quality at each stage of the production process. From producing premium quality rice and grains choosing reliable farmers, to milling and shipping of products to our customers nationwide and across the world, we only aim for excellence to ensure optimal customer satisfaction.

PRODUCTS WE OFFER

RICE

Pakistan is blessed with the best natural environment to produce premium quality rice. With over 8 million tons of rice produced annually, Pakistan exports nearly 4 million tons every year making it the fourth largest exporter of rice in the world. MFTC is amongst the leading exporters of rice in Pakistan with a good share in rice exports, covering 141 countries around the world.

IRRI-6

IRRI-6 is non-basmati long-grain rice grown in Sindh with AGL of 6.00mm. Due to its excellent cooking properties, rich taste, long shelf life, and economical price, it is the top choice of importers, and thus is the most exported variety in Pakistan. African region, Middle East, and South East Asia are its main markets.

PACKAGING

WOVEN POLYPROPYLENE (PP) BAG

Lightweight yet sturdy woven PP bags are resistant to tear and water. These breathable bags allow air to pass through them, which prevent moisture buildup, making them ideal for grain storage and shipment.

- Available in 5kg - 50kg packaging
- Printable in 4-5 colors
- Single, double and triple stitching options available

LAMINATED WOVEN POLY PROPYLENE (BOPP) BAG

BOPP bags are made of woven PP fabric with an outer BOPP film lamination which gives these sacks good strength to hold excessive weight. Being recyclable, these bags are environment-friendly.

- Available in 5kg - 50kg packaging
- Printable in up to 10 HD design colors
- Printing in both glossy and matt finish available
- Single, double and triple stitching options available

PP NON-WOVEN BAGS

Spun-bonded non-woven PP are strong and lightweight packaging option. These reusable bags can be printed in vibrant colors for branding.

- Available in 5kg - 50kg packaging
- Printable in 6 colors
- Single, double and triple stitching options available

POLYETHYLENE (PE) BAGS

Polyethylene (PE) bags are flexible and durable option with versatile usability. They are light, dust and dirt resistant, and thus protect the content from foreign elements.

- Available in 1-2kg packaging
- Printable in 6 colors
- Handle at the top (Optional)

COTTON BAGS

Cotton bag is an eco-friendly packaging option. As a reusable solution, they are ideal for businesses intending to minimize their carbon footprint. They are durable and may last years. With printing options in multiple colors, they can ideally be used for branding purposes.

- Available in 5kg - 50kg packaging
- Printable in 6 colors
- Single, double and triple stitching options available
- Handle at the top (Optional)
- Zipper at the top (Optional)

JUTE BAGS

Reusable, long-lasting, traditional grain storage option. This versatile material can be customized as per customer's requirements.

- Available in 5kg - 50kg packaging
- Printable in 6 colors
- Single, double and triple stitching options available
- Handle at the top (Optional)
