

FOOD SAFETY & QUALITY POLICY

At Meskay & Femtee Trading Pvt. Ltd, we are committed and responsible:

- Ensuring compliance with all applicable **statutory, regulatory, and customer-specific requirements** for rice products in terms of food safety, quality, and security
- Operating under the requirements of **IFS, BRCGS**, and other **ISO** standards to support the **continuous improvement** of our **Food Safety and Quality Management System**.
- Maintaining a certified **Food Safety Management System** based on **HACCP**, aligned with the Food Standard and national/international regulations.
- Ensuring full **traceability** of raw materials and finished goods throughout our supply chain.
- Applying **risk-based thinking** to identify and control food safety hazards, vulnerabilities (including food fraud), and take effective preventive measures.
- Providing adequate **infrastructure, hygiene, pest control**, and **safety controls** at all levels of operation.
- Promoting **sustainability** and environmental responsibility in our operations.
- **Fostering a strong food safety and quality culture** through ongoing training, staff engagement, and competency development.
- Regularly **reviewing** this policy, associated risks, objectives, documented information, and changes in products, processes, or laws to maintain system effectiveness and compliance
- Effectively **communicating** all relevant aspects of food safety and quality to employees, suppliers, contractors, and stakeholders.

This policy will be reviewed annually and updated as necessary to remain effective and compliant
